Australasian Radiology (1993) **37**, 414–418

Subject index

abdominal lymph nodes
  in a normal paediatric population, assessment of 171
adrenal cortical carcinoma
  primary hyperaldosteronism due to 88
aneurysm
  portal vein, in non-cirrhotic portal fibrosis 221
  retrograde venography and colour Doppler imaging of a popliteal venous 323
  thrombosed saccular posterior cerebral artery 90
angiograms, pulmonary
  value when lung scans disagree with clinical impressions about emboli 50
angiography
  magnetic resonance
    basic principles 236
    applications 239
  puncture, aneurysm of the common carotid artery as a sequel of 115
  use in localization and embolization of massive gastrointestinal haemorrhage 274
angioplasty
  percutaneous transluminal
    successful treatment of Budd-Chiari syndrome by 108
    fibromuscular hyperplasia of the external iliac artery by 223
  retrograde transpopliteal salvage of the failed antegrade transfemoral 329
antegrade transfemoral angioplasty
  retrograde transpopliteal salvage of 329
aortic occlusion
  in non-specific aortoarteritis 57
aortoarteritis
  aortic occlusion in non-specific 57
arch of atlas
  C1–C2 block vertebra with fusion of anterior 95
arteriovenous malformation
  radiological diagnosis and management of cranial dural 2
artery
  aneurysm, thrombosed saccular posterior cerebral 90
  common carotid, aneurysm as a sequel of puncture angiography 115
  dense basilar, as a sign of basilar territory infarction 375
  external iliac, fibromuscular hyperplasia of 223
  pseudo-aneurysm, ultrasound guided compression repair of 256
  right pulmonary, communication with left atrium 216
  stenosis, duplex sonography in detection of renal 386
astrocytoma
  clinical sign of low grade 126
atelosteogenesis
  type 1 283
atrium, left
  communication with the right pulmonary artery 216

basilar artery
  dense, as a sign of basilar territory infarction 375
bile duct strictures
  postoperative 325
bone scanning
  radio-uptake technique for differentiating lesions in 198
bone tumours
  use of MRI in the diagnosis of 35
bony lesions
  radio-uptake technique for differentiating degenerative and malignant 198
bony recurrence
  solitary regional, in Merkel cell carcinoma 277
book reviews 132, 230, 309, 405
brain
  cavernous haemangiomas (angiomas) of 147
breast lump
  unusual 97
bronchogenic carcinoma
  superior vena cava syndrome induced by 363

carcinoma
  primary hyperaldosteronism due to adrenal cortical 88
  solitary regional bony recurrence in Merkel cell 277
  superior vena cava syndrome induced by bronchogenic 363
  symptom relief and survival after chemo-embolization for hepatocellular 173
carotid artery
  aneurysm of the common, as a sequel of puncture angiography 115
case quiz 130, 401
catheterization
  superselective, with the explorer catheter 73
chemo-embolization
  symptom relief and survival after, for HCC 173
chest
  Aboriginal, diagnostic approach to radiological appearances of 342
  computed tomography scanning of, in patients with supradiaphragmatic Hodgkin's disease 244
chordomas
  clival 259
chronic venous syndromes
  technique for venography in 299
Clostridium septicum myonecrosis
  fatal 399
colour Doppler
  carotid 166
  retrograde venography and, imaging of a popliteal venous aneurysm 323
complications
  unusual, of pancreatitis 379
computed tomography
  role of, in evaluation of parotid masses 195
  value of, in scanning of chest in supradiaphragmatic Hodgkin's disease patients 244
cortical carcinoma
  primary hyperaldosteronism due to adrenal 88
cystic fibrosis
  relationship between lung function tests and radiological scoring systems in patients with 265

cysticercosis
ocular and orbital 279
cysts
alcohol sclerotherapy of simple parenchymal liver 177
breast, pitfalls in sonographic diagnosis 192
intramedullary enterogenous 272

dermoid plug
in an orbital dermoid 281
diagnostic radiology
decision making in 336
diagnostic accuracy
evaluation of, of MRI at 0.3 T 141
digital imaging
interventional sialography using 76
disc anomalies
magnetic resonance appearances of, in lumbar spine 26
disease, Hodgkin's
bone involvement in 63
value of routine CT scanning of the chest in patients presenting with supradiaphragmatic 244
Doppler, colour
carotid 166
imaging of a popliteal venous aneurysm 323
dose rate teletherapy
and tumour response 210
Letter 403
duct strictures
postoperative bile 325
dural arteriovenous malformation
radiological diagnosis and management of 2
dwarfism
microcephalic osteodysplastic primordial 111
dysplasia
cranio-metaphyseal 122

editorial 140, 235
emboli
value of pulmonary angiograms when lung scans disagree with clinical impressions of 50
embolization
successful angiographic, in massive gastrointestinal haemorrhage 274
endoscopic ultrasonography
in the upper gastrointestinal tract 349
enema tip assembly
cuff expander eases 215
enterogenous cyst
intramedullary 272
explorer catheter
superselective catheterization with 73
extravasation
peri-renal, in a case of urethral valves 86

faecolith
caecal, ultrasonic-radiologic diagnosis 80
fallopian tube
torsion of accessory 393
fibromuscular hyperplasia
of external iliac artery by percutaneous transluminal angioplasty 223
fibrosis
portal vein aneurysm in non-cirrhotic portal 221
fistula
cranial dural arteriovenous, radiological diagnosis and management of 2
fluoroscopy
improved chair designed for video 305

gastrointestinal haemorrhage
successful angiographic localization and embolization in typhoid 274
gastrointestinal tract, upper
role of endoscopic ultrasonography in 349
Gd-EOB-DTPA
hepatic kinetics and 252
granulomatous peritonitis
radiology of starch 297

haemangiomas (angiomas)
cavernous, of the brain 147
haematomas
acute intracerebral, MRI scanning of 315
haemoglobinuria
thrombolytic therapy in paroxysmal nocturnal 396
haemorrhage
gastrointestinal, successful angiographic localization and embolization 274
MRI of central nervous system 161
perimesencephalic subarachnoid 156
hepatocellular carcinoma
symptom relief and survival after chemo-embolization for 173
Hodgkin's disease
bone involvement in 63
supradiaphragmatic, value of routine CT scanning of the chest for 244
hydatid disease
cerebral 226
hyperaldosteronism
primary, due to adrenal cortical carcinoma 88
hyperplasia
fibromuscular, treatment by percutaneous transluminal angioplasty 223

iliac artery, external
fibromuscular hyperplasia of the, treatment by percutaneous transluminal angioplasty 223
imaging
colour Doppler, of a popliteal venous aneurysm 323
digital, interventional sialography using 76
effect of MR, on patient management 249
magnetic resonance
diagnosis of osteoid osteoma using STIR 292
of Gd-EOB-DTPA in dogs, hepatic kinetic and 252
infant
thrombosed saccular posterior cerebral artery aneurysm in 90
infarction
dense basilar artery as a sign of basilar territory 375
intracerebral haematomas
MRI scanning of 315
intravenous urography
imaging of the ureters on 321
irradiation
pacemaker function during 105

juxtaphrenic peak
(Katten's sign) 332

Katten's sign
  juxtraphrenic peak 332
kinetics, hepatic
  and MRI of Gd-EOB-DTPA in dogs 252
knee miniscus
  MRI evaluation of 40

leprosy, lepromatous
  gallium-67 scintigraphy in 270
leukaemia clusters
  support for radiation as a cause crumbles 360
liver cysts
  alcohol sclerotherapy of simple parenchymal 177
lumbar spine
  MR appearances of developmental disc anomalies in 26
lung function
  tests and chest radiological scoring systems in CF patients 265
lung scans
  pulmonary angiograms when, disagree with clinical impressions about emboli 50
lymph nodes
  assessment of, in a normal paediatric population 171
lympho-epithelial lesion
  malignant, of the salivary gland 288
lymphoma
  malignant large-cell non-Hodgkin's, of the spleen 383
  ocular involvement in central nervous system 372

magnetic resonance
  angiography: TErrible TRouble? (Editorial) 235
  diagnosis of benign cystic ovarian teratoma in pregnancy 126
  imaging
    diagnosis of osteoid osteoma using STIR 292
    diagnostic accuracy of, at 0.3 T 141
    evaluation of the knee miniscus 40
    gadolium-enhanced, of soft tissue masses 30
    in the diagnosis of bone and soft tissue tumours 35
  scanning of acute intracerebral haematomas 315
management
  post-orchiectomy, in stage I testicular seminoma 205
meningioma
  parapharyngeal extension of 102
Merkel cell carcinoma
  solitary regional bony recurrence in 277
metastases
  from testicular seminoma 67
miniscus
  MRI evaluation of the knee 40
moustache sign
  craniopharyngioma and 370
myonecrosis
  fatal *Clostridium septicum* 399

nervous system haemorrhage
  MRI of central 161
nervous system lymphoma
  ocular involvement in primary central 372
nocturnal haemoglobinuria
  thrombolytic therapy in paroxysmal 396
non-Hodgkin's lymphoma
  malignant large-cell, of the spleen 383

odontoid
  C1–C2 block vertebra with fusion of anterior arch of atlas and 95
opinion 130
orbital dermoid
  dermoid plug in 281
orbital cysticercosis
  ocular and 279
osteodysplastic primordial dwarfism
  microcephalic 111
osteoma, osteoid
  diagnosis of, using STIR MRI 292
ovarian teratoma
  MR diagnosis of benign cystic, in pregnancy 126
oxalosis, primary
  skeletal abnormalities in 83

paediatric population
  assessment of abdominal lymph nodes in 171
pancreatitis
  unusual complications of 379
parotid masses
  role of ultrasound and CT in evaluation of 195
paroxysmal nocturnal haemoglobinuria
  thrombolytic therapy in 396
pelvimetry
  comparison of accuracy and radiation dose between CT and conventional 186
percutaneous transluminal angioplasty
  fibromuscular hyperplasia of external iliac artery by 223
  successful treatment of Budd-Chiari syndrome by 108
perirenal extravasation in a case of urethral valves 86
peritonitis
  radiology of starch granulomatous 297
photography
  rapid direct reversal 307
placenta praevia
  incarcerated gravid uterus mimicking 93
pneumoperitoneum
  sonographic detection of 182
popliteal venous aneurysm
  retrograde venography and colour Doppler imaging of 323
portal fibrosis
  extrahepatic portal vein aneurysm in non-cirrhotic 221
portal vein aneurysm
  in non-cirrhotic portal fibrosis 221
pregnancy
  MR diagnosis of benign cystic ovarian teratoma in 126
primordial dwarfism
  microcephalic osteodysplastic 111
pseudo-aneurysm
  ultrasound guided repair of a femoral artery 256
pulmonary angiograms
  value of, when lung scans disagree with clinical impressions about emboli 50
pulmonary artery, right
  direct communication with the left atrium 216

pulmonary toxicity
amiodarone 47
puncture technique
to reduce contamination with bodily fluids 213

radiation
dose comparison between CT and conventional pelvimetry 186
and leukaemia clusters 360
waiting lists for, therapy 228, 405
radiograph, chest
appearances after head and neck flap reconstruction 54
radiological scoring systems
relationship to tests of lung function in patients with cystic fibrosis 265
radiology
decision making in diagnostic 336
request/referral form, design of 201
reconstructive surgery
radiograph appearances after head and neck flap 54
renal artery stenosis
duplex sonography in detection of 386
repair
ultrasound guided compression, of femoral artery pseudo-aneurysm 256
rupture
haemangioma of spleen with extraperitoneal 100

salivary gland
malignant lympho-epithelial lesion of the 288
scanning
MRI, of acute intracerebral haematomas 315
radio-uptake technique for differentiating bony lesions in bone 198
scans, lung
disagreement with clinical impressions about emboli 50
scintigraphy
gallium-67, in borderline lepromatous leprosy 270
sclerotherapy
alcohol, of simple parenchymal liver cysts 177
seminoma
post-orchiectomy management in stage I testicular 205
radiation therapy for early stage, of the testis 367
skip metastases from testicular 67
sialography
interventional, using digital imaging 76
soft tissue masses
gadolium-enhanced MRI of 30
soft tissue tumours
use of MRI in diagnosis of 35
sonographic diagnosis
pitfalls in, of breast cysts 192
sonography, duplex
in detection of renal artery stenosis 386
spine
MR appearances of developmental disc anomalies in the lumbar 26
spleen
haemangioma of, with spontaneous extra peritoneal rupture 100
malignant large-cell non-Hodgkin's lymphoma of 383
starch granulomatous peritonitis
radiology of 297
stenosis
duplex sonography in detection of renal artery 386
strictures
postoperative bile duct 325
subarachnoid haemorrhage
perimesencephalic 156
surgery
radiograph appearances after head and neck flap reconstruction 54
syndrome
Budd-Chiari, successful treatment by percutaneous transluminal angioplasty 108
vena cava, induced by bronchogenic carcinoma 363
technique for venography in chronic venous 299
Twiddler's, pacemaker twist 286

teletherapy
low dose rate, and tumour response 210
Letter 403
teratoma
benign cystic ovarian, MR diagnosis of in pregnancy 126
testicular seminoma
post-orchiectomy management in stage I 205
skip metastases from 67
testis
radiation therapy for early stage seminoma of the 367
therapy
radiation, for early stage seminoma of the testis 367
thrombolytic, in paroxysmal nocturnal haemoglobinuria 396
thoracic irradiation
palliative, for lung cancer (Letter) 228
toxicity
amiodarone pulmonary 47
transfemoral angioplasty
retrograde transpopliteal salvage of failed antegrade 329
transpopliteal salvage
of the failed antegrade transfemoral angioplasty 329
tuberculosis
misinterpreted — a cautionary tale 119
tumour response
low dose rate teletherapy and 210
tumour
use of MRI in the diagnosis of benign and malignant bone and soft tissue 35
Twiddler's syndrome
pacemaker twist 286
twins
acardiac 389
typhoid
angiographic localization and embolization of gastrointestinal haemorrhage in 274
tyrosinaemia, hereditary
(HY) type 1A 60

ultrasonography
role of endoscopic, in the upper GI tract 349
ultrasound
guided compression repair of femoral artery pseudo-aneurysm 256

in evaluation of parotid masses 195
scrotal 75
ureters
imaging of, on intravenous urography 321
urethral valves
peri-renal extravasation in 86
urography
imaging of the ureters on intravenous 321

vena cava syndrome
induced by bronchogenic carcinoma 363
venography
in chronic venous syndromes 299
retrograde, of a popliteal venous aneurysm 323
venous syndromes
technique for venography in chronic 299
venous aneurysm
retrograde venography and colour Doppler imaging of a popliteal 323
video fluoroscopy
improved chair designed for 305

waiting lists
for radiation therapy (Letters) 228, 403
